Contacts are the key to your success

Everything in Pipedrive starts with contacts – the customers, prospects and organizations you interact with. Get started by adding a contact with email, phone and company information, so you can link them to deals and activities. Watch a video (04:54).

Your pipeline tracks how deals are doing

Every deal consists of a contact and the activities that move them through your sales pipeline. Your pipeline is a visual representation of your entire sales process and acts as the central hub for managing your deals. Watch a video (03:39).
